

## ASSESSMENT INFORMATION FOR STUDENTS – SUMMER 2021

### SUBJECT: PSYCHOLOGY

### YEAR GROUP: 13

Please note that while staff have provided a comprehensive plan for your assessments next term with suggested content you should be mindful that you may need to look over other content from the A level Psychology course that has not been listed to help you write more effective evaluation (e.g. issues and debates or alternative approaches).

### **Portfolio evidence to be collected**

#### **Historical evidence to be included in portfolio (in order from most recent to least recent):**

- Year 13 Mock examination 2 (March 2021) - topics: Research Methods (A level/Year 1 and 2 content), Biopsychology, Addiction and Issues and debates
- Year 13 Mock examination 1 (October 2020) - topics: Attachment, Research Methods (AS/Year 1 content), Memory and Psychopathology
- Year 12 end of topic examination (November 2019) - topics: Social influence and Approaches

#### **New evidence to be included:**

1. Approaches 24 mark topic test
2. Social influence 16 mark timed essay Q
3. Memory 24 mark topic test
4. Relationships 16 mark timed essay Q
5. Attachment 24 mark topic test

**This way all students will have representation of all 10 areas of the course that have been taught included in their portfolio.**
