Students progressing to education or employment

Students that left 16 to 18 study at this school or college in 2017, who either stayed in education or went into employment from October to March the following year, or stayed in an apprenticeship for at least 6 months. The data published in January 2020 is for all students that left 16-18 study at this school or college in 2017, regardless of the qualification that they took. This is different from the data that we published in January 2019 which was for students who took level 3 qualifications (A levels or other level 3 qualifications) only. Information about the destinations of level 3 students only can be found in the breakdown of destinations below. For further details, see the [16 to 18 Accountability Technical Guide](#)
