

North Halifax Grammar School: GCSE Results 2021

Teacher Assessed Grades 2021

In 2021, due to the pandemic, there was a lot of disruption in schools and external examinations did not take place. The results published here, both at GCSE and A Level were the Teacher Assessed Grades (TAGs) based on internal teacher assessment.

We are immensely proud of the way that our students and teachers approached what was a difficult year and wish all our students the very best in their future studies, either with us at A Level, or at other institutions at A Level and beyond.

Roger Haworth

Vice Principal (Progress)
