

North Halifax Grammar School: A Level Results 2025

Congratulations to our Year 13 students on their success this summer with results showing an uplift across the board. 72% of all grades were A*-B, with 27 students achieving all A* and A grades. With an average grade B overall, students should be proud of all they have achieved.

Most will now take up their place at universities across the country, including Oxford, Cambridge and Russell Group universities, while others will begin apprenticeships in a range of fields including nursing and business management. Students have chosen to explore a wide range of courses: Medicine, Marine Biology, Aerospace engineering, Biochemistry, Architecture and Law to name but a few.

Results alone do not define our students who are courageous, kind, and independently-minded individuals. It has been a privilege to work with them and watch them surmount challenges and grow into young people determined to go out into the world and make it a better place. Thanks are also due for the hard work and commitment of everyone who has played a role in their development including their teachers, staff in school, and their families, communities and friends.

Congratulations to all students receiving results this morning – and we wish you every success as you move on to the next phase of life's journey.

Desmond Deehan
Headteacher
