

## North Halifax Grammar School: GCSE Results 2022

At GCSE our students have also achieved our best ever exam results. The average Attainment 8 grade (best eight subjects) was 7.0. 76% of students achieved grade 7 - 9 in English and 63% in GCSE Mathematics. This year group has been fantastic to work with over the last 5 years and we are looking forward to the vast majority staying with us for their A Level studies. They have coped with all the difficulties that life has thrown at them and have proved themselves here to have the resilience needed for success. For those going on to pastures new, we wish you every success for the future: we do look forward however, to supporting the majority through their A Level studies for which these GCSE results will be an excellent preparation.

This achievement is again a tribute to the partnership between students, teaching staff and parents too. A big thank you to you all for your efforts in supporting our young people to achieve their success.

Roger Haworth  
Head of School
