

North Halifax Grammar School: GCSE Results 2025

NHGS students are celebrating their GCSE success this year as grades have risen again. Over two hundred grade 9s were awarded, with over a third of grades being grade 8 and above and over half the grades were at grade 7 (which used to equate to an A grade).

These students who ended their primary education abruptly and began their secondary education in “bubbles” with curriculum restrictions due to Covid. They have risen to every challenge, supporting each other along the way and we are very proud of all that they have achieved this year and over the years. They have not only studied hard, but have also engaged in a wide range of extra-curricular pursuits and activities across a wide range of interests from the arts to sports, from debating to ethics, from Amnesty to Formula 1 design.

The vast majority of these students will now continue to pursue their interests and broaden their horizons in the sixth form at NHGS and we look forward to welcoming them back in September. We will also be welcoming new students into this happy and hard-working collective and look forward to providing all students with further opportunities to broaden their horizons as they continue their journey with us.

Desmond Deehan
Headteacher
