

Sixth Form Prospectus 2020

For intake in 2021

NHGS is the school that everyone wishes they went to: where enthusiasm is infectious and excellence is standard; where co-operation is at the heart of all we do; where everyone strives to achieve their goals and is mindful of the right ways to do so. We equip our students with the knowledge, skills and understanding to navigate life with confidence and set courses of their own choosing. Together, we develop the whole person by

"My time at NHGS Sixth Form has been greatly enriching; it has taught me how to be more independent, organised and time-effective with regard to my studies. My teachers, form tutor and school staff are unwaveringly supportive and helpful individuals. I always know that there is someone I can turn to if I need help or want to discuss my future plans and I couldn't have wished for a better, happier environment to have flourished in."

- Yasmin

"The time I have spent at NHGS has made me the person I am today. On top of helping me achieve top grades, it has helped me grow mentally to become stronger and overcome any problems I have had. The family that is the Sixth Form team has always been there when I've needed them, encouraged me to aim high and achieve my goals. Without the incredible efforts of the staff and friendly nature of the school, I wouldn't be who I am now."

WELCOME

Dear Year 11 Student,

Choosing what to do next after Year 11 is an important decision. You need to consider all possibilities very carefully. One excellent option is to join the Sixth Form at North Halifax Grammar School (NHGS).

Why choose NHGS?

- In 2019, 100% of the 524 A Level entries achieved A*-E grades, with almost 30% of entries being awarded the highest grades of A*-A. This was repeated in 2020 with 100% pass rate
- 37% of the grades awarded at A*-A. The average pass rates over the past five years have been 99.54% (A*-E) and 61% achieving A*-B grades. Our average point score in both 2018 & 2019 were the highest in Calderdale.
- Our motto is Living to Learn, Learning to Live. We develop the whole person, both academically and through personal enrichment. We provide a wide range of courses, opportunities, activities and experiences to promote confidence, independence and build fantastic personal statements and CVs.
- The NHGS Sixth Form is at the heart of the school, both in terms of the purpose-built learning centre and the leadership opportunities afforded by working with students in lower year groups.
- Our subject staff are all fully qualified teachers with a proven track record of delivering excellent results at GCSE and A Level. 45% of our teaching staff have been part of the school for over 10 years.
- The well-being of every student is at the heart of our pastoral care, and we have our own fully trained counsellor to provide support.
- We provide excellent careers advice to help students plan for the next stage.
- Since 2015 we have spent £8.5 million on refurbishments across the school including a new £3 million sports hall and fitness suite.

If you are intending to take A Levels to progress to university, an apprenticeship or enter employment, then NHGS could be the best place for you.

Yours sincerely,

Gill Quigley, Director of Sixth Form and Andrew Fisher, Principal

ETHOS STATEMENT

Our Ethos Statement explains that we create excellence by being:

Our 3 Es

- Enquiring
- Enthusiastic
- Engaged

Our 3 Cs

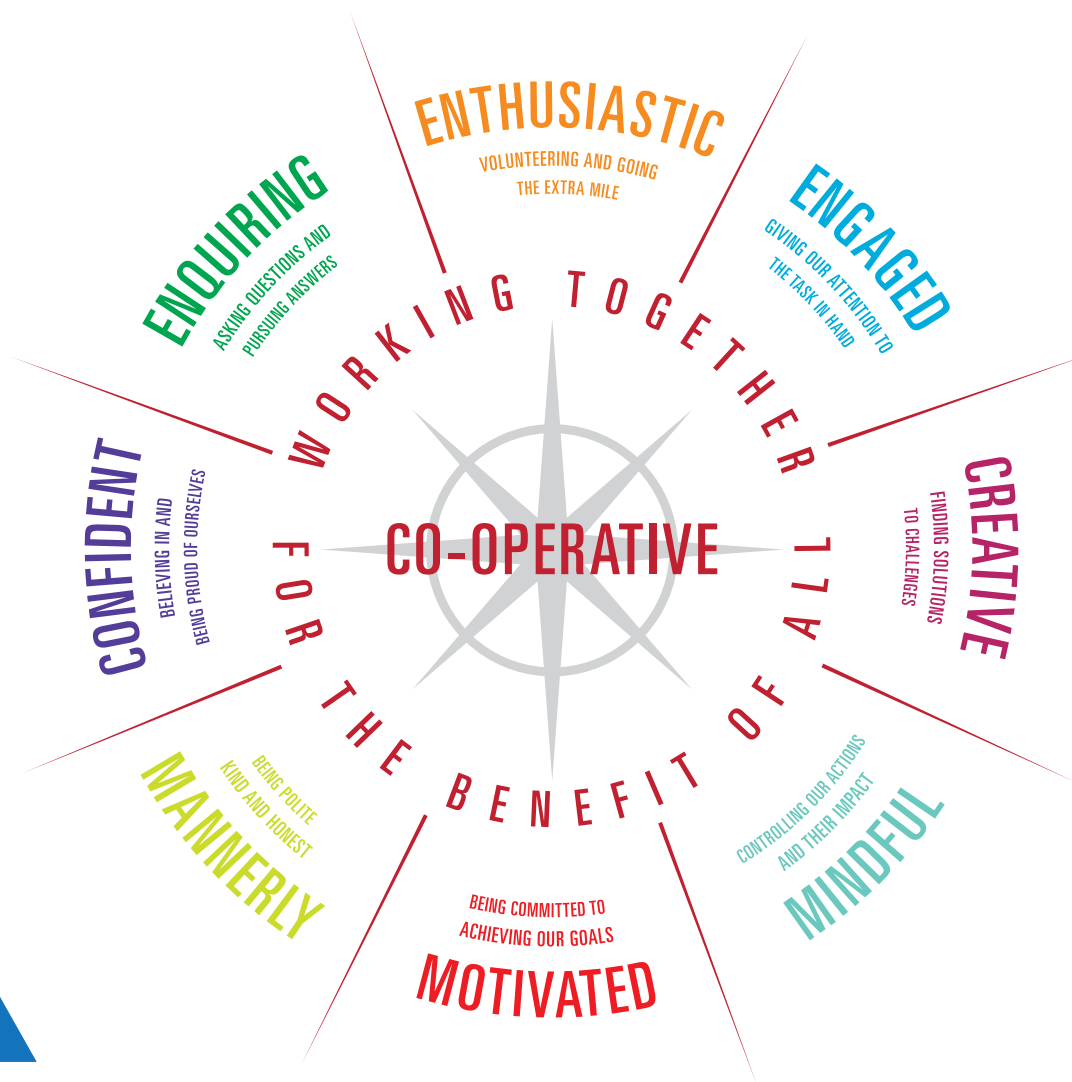

- Confident
- Co-operative
- Creative

Our 3 Ms

- Mannerly
- Motivated
- Mindful

By adhering to these guiding principles, NHGS students reap many rewards - great exam results, significant personal development and valuable enrichment.

At NHGS we create excellence by being:

SIXTH FORM STUDENTS LEADING THE WAY

Form Prefects: Giving encouragement to Year 7 students during their residential

First Bow: Year 12 production team with the cast of Year 7 and Year 8 students

Sports Coaching: numerous opportunities to coach younger students

Trip helpers: Year 9 Camp where Year 12 students help with meals and activities

"Being Senior Prefects we have gained leadership skills which we believe are an excellent asset to have. Through managing our duties and organising prefects, we have become more confident and knowledgeable concerning how best to communicate and work with a variety of people. Additionally, I know that the team share my feelings that through our duties, we have been able to give back to the school that we are all proud to be a part of. This is very rewarding for us."

- Scarlett

"For me I would say that being a senior prefect has been such an enriching experience because it's taught me so much about leadership and teamwork. Working with the senior prefect team to ensure the safety and well-being of other students has really helped me give back to a school and student body that has given me so much."

- Gala

LIVING TO LEARN

- Many teachers have experience of teaching both GCSE and A Level, therefore understanding the link between the certificates and how best to manage students' transition between the two; this is one benefit of being part of a school rather than a college.
- 45% of our teaching staff have been part of the school for over 10 years.

A Level courses currently available:

Teaching English as a Foreign Language

Core Enrichment - cooking skills

Promoting First Bow at the Freshers' Fayre

LEARNING TO LIVE

"Learning to Live" – it's not simply part of our motto, it's central to the NHGS experience.

At NHGS Sixth Form we offer a varied programme of enrichment opportunities.

Core Enrichment

Wednesday afternoons are devoted to the Core Enrichment Programme. All Year 12 students choose from a range of activities including mentoring in local primary schools, sports, cooking, a touch typing course, other online courses, volunteering and relevant work experience.

Optional Enrichment

Whilst all students are expected to participate in the core enrichment, most of our students will be involved in many more enrichment opportunities. Some of the current optional enrichment activities on offer include:

Clubs & Societies

- Bar Mock Trial Competition
- Debating Society
- Charity Committee
- MedSoc
- Psychology Club
- Rocket Society
- Young Enterprise Group

Courses & Qualifications

- Duke of Edinburgh - up to Gold D of E
- First Aid
- Sign Language
- Teaching English as a Foreign Language

Music & Performing Arts

- First Bow - Write and produce plays with a cast of Year 7 & 8 students.
- Main School Theatre Production – Opportunities to sing, dance, act or work in the production team.
- Music – Various opportunities including rock choir, swing band, orchestra, concert band, choral group and a variety of chamber ensembles. Or play in your own rock band in the end of term concert.

Sports

- Various including basketball, fitness suite, football, hockey and netball
- Coaching – various opportunities with younger year groups

Trips

- Iceland Trip (biennial, next October 2021)
- Ski Trip (biennial, next February 2022)

Biennial Ski Trip

Gold Duke of Edinburgh

Rocketry Youth Challenge World Champions at Paris Air Show

U19 Football - West Yorkshire and Calderdale Champions

Art & Photography Tate Gallery Trip

Coast2Coast Cycle Ride

Various music & performing arts opportunities, including the End of Year Concert

Biennial Geography Trip to Iceland

SIXTH FORM LEARNING CENTRE

The Sixth Form Learning Centre is in the centre of the school's grounds and is home to the Sixth Form Office, classrooms for specialist A Level subjects, plus the Sixth Form Diner and Sixth Form Common Room which make up the social hub of the centre.

Adjacent to the Sixth Form Learning Centre is an independent study area, solely for Year 12 and Year 13 students, which has workstations, study booths and ICT access. Students also have access to the school's Learning Resource Centre and the Careers Library.

Sixth Form students also have access to the fitness suite in the Sports Hall.

"NHGS is a great place to learn and meet new people - everyone, students and staff alike, are very friendly and welcoming. We are treated as young adults rather than children, which is a nice step up from secondary school, in developing independence and confidence."

- Kayan

INDUCTION

We take the pastoral care of our students very seriously, and we feel that it is important that all our Year 12 students make a smooth transition into life as members of the NHGS Sixth Form. That is why we have a carefully planned induction programme to help students with this settling in process.

Before the summer, students who are new to NHGS are invited to an informal afternoon to meet their form tutor and other students.

During the first few weeks of the academic year, all Sixth Form students take part in our Induction Day which combines team building activities and a social lunch. Weather permitting, activities take place outside, making full use of our outdoor space and stunning surroundings.

The programme of activity is designed to encourage students to get to know their tutor group and form tutor. We aim to ensure that all students have a network of friends and teachers to support them during their time at NHGS.

The first few PSCHEE lessons are focused on developing good independent study skills to enable students to make a smooth transition into A Level study.

"Everyone was so welcoming and made me feel so included. Within a week I felt like I fitted in better than I did at my old school, and I have loved every second so far. The introductory event with the RAF was amazing and gave me opportunity to get to know more people in my form and around the Sixth Form as a whole, and I can't wait for the next few years with the NHGS family"

- Mia

PASTORAL CARE

We understand that young people face numerous challenges in today's society and we work with all students to support them through Sixth Form life. Students are allocated to a pathways tutor group on entering the Sixth Form. These groups are based on supporting students' future ambitions, such as Oxbridge, medical and higher apprenticeship applications.

We have an experienced team of tutors who work closely with the Year Group Leaders and the Director of Sixth Form to ensure students' time at NHGS is both happy and successful.

The Sixth Form Team

- Mrs Quigley - Director of Sixth Form
- Mrs Pegg - Year 12 Group Leader 2021
- Mr Downing - Year 13 Group Leader 2021
- Miss Rigby - Sixth Form Enrichment Co-ordinator
- Mrs Charles - Sixth Form Administrator

"The support I have received throughout my time at NHGS has been excellent. I am really appreciative of all the efforts put in by my teachers, especially over the past 2 years in the Sixth Form. If I ever needed any extra support, I always knew that my teachers and the pastoral team were available and more than happy to help. NHGS has allowed me to achieve amazing things and reach my full potential."

- Neesha

STUDENT WELL-BEING

At NHGS we place great emphasis on the well-being of all staff and students, and we have built a dedicated Pastoral Team which provides outstanding well-being provision.

Mrs Booth, Well-being and Engagement Officer explains:

"Well-being support is central to the care offered to Sixth Form students at NHGS because we believe that happy young people make successful learners and also become resilient adults."

Mr Wood, Vice Principal (Behaviour, Safeguarding and Inclusion)

"Developing in students a capacity to learn is obviously a very important aspect of what we do at NHGS, but we also want to prepare students for life, to build their resilience and to develop the means to look after their own well-being.
This is why our motto is Living to Learn, Learning to Live."

Benefits of NHGS Well-being provision

- Full-time professional counselling
- Instant access
- Self-referral via email
- Sessions in study time so no academic impact

Main areas of focus for Sixth Formers

- Getting organised and dealing with pressure
- The changing nature of relationships
- Transition into life after school
- Best practices for healthy sleep
- Revision/ study skills and the UCAS process

Group interventions include:

- How to deal with anxiety workshop
- Helping Year 13 boys in their transition to university or apprenticeship workshop, in collaboration with Andy's Man Club.
- Assemblies on exam stress

NHGS has worked with Carnegie Centre of Excellence for Mental Health in Schools (at Leeds Beckett University) and we were delighted to have been awarded the Bronze status in recognition of our outstanding well-being provision within the school.

This is the highest possible award for in-school well-being provisions, as the silver and gold awards are awarded when a school shares good practice with other schools, across trusts, or on a national scale.

We are 1 of only 4 schools to have been awarded this.

CAREERS & ENTERPRISE

In Year 12, students take part in numerous careers and enterprise activities and are presented with information on the full range of options available once they have completed their Sixth Form study. Students can attend the UCAS conference at Manchester University and the National Apprenticeship Event in Birmingham. Further information is provided in school during apprenticeship and UCAS information evenings. Many students take advantage of enrichment time on Wednesday afternoon to gain work experience and all students complete a week of work experience at the end of the year.

Employers also engage with students in Year 12 by running mock interviews, alongside our annual 2-day enterprise event. Students further develop careers skills through PSCHEE, looking at how to complete covering letters, apply for part-time work and complete a CV. A careers adviser from C&K Careers is available throughout the year. Presentations take place on student finance, interview skills, gap year opportunities and apprenticeship selection processes delivered by ex-students on placements.

There are lots of extra-curricular activities that allow students to develop their careers and enterprise knowledge and skills throughout the Sixth Form. These include Young Enterprise, debating, the Bar Mock Trial Competition and MedSoc.

UCAS

"I was helped every step of the way. My tutor was efficient and gave us deadlines to follow so our forms were completed effectively and sent off on time, and I received all my offers by the end of October."

Winning team from the Business Skills Day

Apprenticeship

"Apprenticeship and employment opportunities were clearly advertised to provide an alternative to university. There was always someone to talk to if I had any questions about my application and my tutor generously helped with mock interviews."

Young Enterprise, winners of the Team Work Award and the Runners Up Award for West Yorkshire

Art

"Art teachers at NHGS really support what you want to do. There is so much encouragement to push yourself and try new things. I appreciate how the teachers highlight your originality and help you develop skills you never knew you had!"

- A Level Art offers a supportive environment in which students are encouraged to follow their own creative path, guided by expert and well-qualified staff.
- There is an excellent range of opportunities including gallery visits, workshops with visiting artists as well as supporting the younger students in Art Club.

Biology

"Biology was my favourite subject, I really enjoyed the range of activities in lessons and it gave me a foundation for my choice of Degree. I found it challenging but rewarding and the teacher was always willing to help and made sure I understood the things I found difficult."

- Biology at NHGS is taught by experienced and enthusiastic teachers from a background of different biological fields. We share resources and collaborate to ensure that students get the best possible experience.
- The popularity of Biology within NHGS Sixth Form is illustrated by the fact that over one third of the Sixth Form students study the subject.
- Practical work forms the cornerstone of our course and we use university facilities for practicals that we cannot do in-house.

Business

Young Enterprise selling products at the White Rose Centre

"I really look forward to my Business lessons. It's so interesting and different to anything I've learnt before. My favourite part of Business is learning about products and the markets they operate in."

- Students have the opportunity to learn from experienced and enthusiastic staff about business theory which they will apply to a variety of familiar and unfamiliar case studies.
- Visits to businesses reinforce the theory studied in the classroom and, along with attendance at a revision conference, enhance the students' ability to answer examination questions effectively.

EPQ (Extended Project Qualification)

This additional qualification allows well-motivated students to carry out their own research project in an area of their choice.

The EPQ was introduced nationally to give students an opportunity to pursue their own study interests beyond the constraints of their A-level subjects. Submitting a project for the EPQ will help to develop research and writing skills and will give participating students an advantage when it comes to undergraduate study at university.

Such research is aimed at developing skills which can be transferred throughout many subjects. It also demonstrates to universities and employers, students' ability to think independently and their real passion for their chosen subjects.

What does an EPQ entail?

- Selecting a topic of interest and drafting a proposal for it.
- Planning, researching and carrying out the project.
- Providing evidence of all stages of the project.
- Delivering a presentation to a specified audience – this can be in any format such as a play, a film, a piece of art or another original idea.

The EPQ really is an independent project which the student has control over, both in terms of their choice of research topic, and the form in which they present their findings.

"The Cambridge Colleges welcome the introduction of the Extended Project... primarily because of the benefit we recognise in the skills it will develop in learners and the consequent easing of the transition from study in secondary to higher education."

"My time at NHGS Sixth Form not only helped me achieve the grades I needed to move on to the university I wanted to go to, but also made me a more rounded and dedicated student, setting me up well for university and my future career. All of my teachers worked hard to help me reach a goal that at times seemed impossible, and were always prepared to offer extra advice or mark an extra essay. Aside from all of the hard work and studying, I also enjoyed my time at Sixth Form very much and always felt like part of a community."

Part-time Work

"The time I spent at NHGS Sixth Form was the most enjoyable two years of my life. I received a very high quality of teaching which allowed me to attain high grades in my A Levels, but I also felt as though my teachers were almost really my friends, which definitely made my sixth form experience a lot more enjoyable. Sixth Form also gave me the platform to explore my career options, and as a result of the school putting on sessions where companies came in to give talks about what they had to offer career wise, I have started a job at PwC that, without NHGS, I would never have known about. My 2 years in Sixth Form helped me to develop a fantastic social life and build a great circle of friends."

ENTRY REQUIREMENTS

NHGS Sixth Form Entry Requirements

- A minimum of 6 GCSE subjects at Grade 5 or above including English and Mathematics.
- A Grade 5 or above in any subject to be studied at A-level (where the student has previously studied the subject).
- Equivalent vocational qualifications may be accepted.
- All full course, Level 2 qualifications, including Applied GCSEs, of whatever size will count as one GCSE.
- To study Biology, Physics or Chemistry, students need to have achieved a Grade 6 or above in the respective GCSEs or a minimum of two Grade 6s in Science and Additional Science at GCSE.
- To study Mathematics, Physics or Chemistry, students must have Grade 6 or above in Mathematics at GCSE.
- To study French or Spanish, students must have a Grade 6 or above in their chosen language.
- Students wanting to study 4 A level courses should achieve at least an average GCSE Grade of 7.
