### **Fine Art A-level: Summer Research Project**

#### **Summer Journal**

As part of your preparation for A-level study the Art Department would like you to complete a small journal recording your personal response to **one** of the following themes:

- Places
- Objects
- People

Select a theme and use this opportunity to make it **personal** to you. The aim of this project is not only for us to see your interests and style as an artist; it is also to get to know your personality. We have outlined below some ideas of what you should include in the journal, you can of course add more if something is particularly interesting to you. If you are interested in a particular sector of Art, Craft or Design, this could also form part of your theme (eg: fashion, architecture, illustration)

**Photography** related to your theme – using a camera (anything from a DSLR to the camera on your phone) aiming to capture your subject and what you find interesting about it.

**Drawing activities** based around your subject – you could explore observational drawing, experimental drawing, line drawing, continuous line drawing using a variety of materials – e.g. pencil, fineliner, biro. This should also be on a variety of surfaces. You can also produce digital drawings for this.

**Images of 3-5 different artist's works** that relate to your theme annotated to include the following information:

- WHAT do you find interesting about the work
- HOW could you use this as inspiration for your own work; what ideas does it give you? You could visit an Art Gallery – collect leaflets, postcards, photos for your journal.

**Format:** sketchbook, notebook or a collection of different papers and surfaces – present this as you wish! We will be looking at these as a group during our introductory lesson so please ensure that you have these with you.

We look forward to seeing your journals and sharing your new creative journey!

The NHGS Art Department.
