Where are the courses?

Coming up are grids showing you what you can do and where you can do it!

Where and what can I study at sixth form or college?
Pages 3-20

See page 10 for school/college details	Animal Care	Art & Design (flexi-pathways)	Art & Design: 3D	Art & Design: Photography	Art & Design: Textile Design/ Fashion (also see Design & Technology)	Beauty Therapy
Brighouse High School		A		A	A	
The Brooksbank School		A	A	A	A	
Calderdale College	B1 B2 B3	B1 B2 B3				1 2 3
The Crossley Heath School		A		A		

There are two separate school and college grids - one for Calderdale and one for Kirklees. Qualifications have codes.

Look **down** the subject column and **across** to the schools or colleges which offer the subject.

The key to the grid codes is at the side of the page.

Where and what can I study with a training provider?
Pages 21-22

Training providers offer courses at levels 1, 2 and 3, which are similar to college courses. They are sometimes called 'study programmes' or locally 'Train 2 Work'. 1 = VQ Level 1 2 = VQ Level 2 3 = VQ Level 3	Business & Administration	Childcare	Construction (multi-skills)	Hairdressing &/or Beauty
Huddersfield Giants Community Trust Education Academy				
InHouse Training				1 2
Learning Curve Group (Bradford, Leeds, Wakefield)				
National Horseracing College				

Some training providers offer full-time vocational qualifications - mainly at level 1, although a few also offer them at levels 2 and 3.

Look **down** the subject column and **across** to find the providers which offer the subject. The training provider grid covers both Calderdale and Kirklees, so make sure you check where they are based - see page 22.

Courses with training providers

Options can change.
Your careers adviser will have up-to-date information

- Most programmes are 3-4 days a week for a year and have college 'terms'.
- If you don't have a grade 4 or above in English and maths you will get help to improve these. Some people will get the chance to do GCSEs in them.
- You will develop your personal skills, build up work skills, usually on a placement and learn the skills that will help you find and keep a job (work preparation/employability skills).
- You could progress to the next level qualification, a traineeship, an apprenticeship or a job.

Training providers offer courses at levels 1, 2 and 3, which are similar to college courses. They are sometimes called 'study programmes' or locally 'Train 2 Work'.
