

North Halifax Grammar School: GCSE Results 2026

Congratulations to Year 11, Class of 2026, for an excellent set of exam results.

All students have reasons to celebrate this milestone of their educational careers, equipped with a suite of GCSES to enable them to pursue further study. Their exam results are the results of a lot of hard work from the students and their teachers and also reflect the exceptional support they have received from staff, parents and the wider community for which we are very grateful.

Overall, results have risen for the third year in a row. Students attained an average grade 7, with 33% Grades 8/9 and 74% Grade 6-9.

This cohort of students, who did not sit SATS exams, approached these exams with commitment and resilience. They have also demonstrated that they are a multi-talented, independently-minded and engaging group of human beings who have developed a strong skill set across their 5 years at NHGS to lay strong foundations for A Levels or further study.

We would like to say well done to every single Year 11 student for making this milestone. We look forward to welcoming the vast majority of you back into the Sixth Form to continue the exciting journey and to lay strong foundations for your future success.

Ms Kent
Headteacher
